## **There's A Monster In My Piano Lighting cues**

### Lighting States

Preset

Warm wash full with white spot

Dim warm wash with white spot - animation state

Central white spot

Central green spot

Green state mid stage

Red state front stage

Simple chase programmed for 'boogie' in time with music

Lighting and pre show music to be operated by the technician on the day.

### Lighting Cues

Preset with pre show music for audience coming in.

On clearance

Fade out pre show music and fade to blackout. Fade out the stage first and then the auditorium.

Slowly bring up white spot.

Actress' head appears bring up warm wash.

LONG GAP

Van arrives on set with flashing light. Piano doctor takes his torch, opens the piano and looks inside.

Fade to animation state.

After some time the piano doctor will stand on the piano lid. 3 big crashes and he falls off with a big cry. Green spot for monster emerging going into green wash mid stage.

When Monster comes out front and dances add red state front stage.

When Monster exits SL back to animation state (dim warm wash with white spot)

When actress begins to play the piano after counting bars with the audience, add in small chase for 'boogie'

When actress comes out for bows warm state and house lights.
